## **General notes on the status of the various investigations**

The general notes to earlier reports state that the trustees will carry out (or have a third party carry out) a number of investigations.

Including:

- an audit of the accounts;
- an investigation into the role played by principal banker, Rabobank;
- an investigation into the legal validity/scope of the securities of Rabobank;
- an investigation into the conduct of the management and regulators;
- an investigation into the failure of the software project.

The general notes accompanying the previous report state that the following investigations are still ongoing:

1. investigation into the causes of the bankruptcies;
2. investigation into (the status of the) accounts.

With regard to both investigations, the trustees at present limit themselves to noting that these investigations have not been completed yet.

With regard to the course/outcome of the aforementioned investigations, the trustees have decided, for the reasons stated in the general notes dated 31 May 2019, that they will only make further statements when the outcome of the proceedings instituted by Stichting Administratiekantoor OAD Groep Holding (hereinafter 'STAK') against Rabobank is known.

In addition to this the trustees note that, although the district court Midden-Nederland has now rendered a judgment in the proceedings instituted by STAK against Rabobank, the outcome of these proceedings is not yet known because an appeal has been lodged. For this reason, the trustees adhere to the previously chosen approach that as long as the outcome of the proceedings is not (finally) known, they will not make any (further) statements.
